

ROODHOUSE IN STATE TERROR AS RESULT OF DYNAMITE EXPLOSIONS

LIGHTS GO OUT JUST AS EXPLOSIONS OCCUR

Bombs Exploded Near Round House and Old Hotel at An Early Hour This (Friday) Morning—So Far as Can Be Ascertained No Damage Resulted to Property

ROODHOUSE, Aug. 25.—Citizens of this city were in state of terror at an early hour this (Friday) morning when two heavy explosions occurred, followed by several others.

Shortly after the west bound Hummer left the city the lights went out. A few minutes afterward the two explosions occurred. The explosions awakened nearly everybody in the city but with no lights citizens generally are afraid to venture out.

Those bold enough to venture forth learned that one of the explosions occurred near the Chicago & Alton roundhouse and the other near the old Illinois Hotel, just across the tracks from the Alton passenger station. The non-combat men who are employed in the roundhouse are quarantined in this building which has two searchlights mounted on the roof.

LITTLE ATTENTION PAID SOLDIER BONUS IN SENATE

Measure Submerged in Discussion of Coal and Rail Strike

(By The Associated Press)
WASHINGTON, Aug. 24.—The soldier bonus bill received little attention today in the senate. It was submerged under discussions of the coal and rail strikes and the Newberry case. The result that leaders do not now anticipate its passage before next week.

In the brief debate, Senator Underwood, of Alabama, the democratic leader, voiced his opposition to the measure with Senator Hefflin, Democrat, of the state, vigorously urging its passage. Senator Wadsworth, Republican, New York, deprecated what he said was an inference that Chairman McCumber of the finance committee, yesterday at there was danger that the farmer service men would not respond in time of crisis unless some legislation were enacted. He declared he had no such low opinion of the veterans.

Senator Underwood declared the measure was not an adjusted compensation bill; that it had been properly named by the public—a bonus bill.

"You cannot measure service in country in dollars," he declared. "If you are to measure service that way, then \$625 is an absurd proposition. The payment of a dollar a day will not adjust at great debt a generous people must always owe to the gallant men who carried the flag in war."

The Alabama senator said there was an obligation on the government to take care of the sick, disabled and needy in old age, and that there was no obligation to give a "pittance" to the others for the many of whom did not need it.

Senator Hefflin declared that those opposing the bonus had not made a "peep" when congress was voting millions in the settlement of claims of war contractors. He charged that "war profiteers" were fighting the bill "to the death" and that the "interests" were filling the newspapers with the greatest propaganda against the measure that had been attempted since war days.

UNTON WILL RETURN TO U. S.

WASHINGTON, Aug. 24.—Return to the United States as soon as possible of Walter Hinton, pilot and member of the crew of the airplane Sampaio Correia, wrecked off the coast of Cuba while attempting a flight from New York to Rio, Brazil, was announced today in a despatch to the navy department from the American naval station at Guantanamo, Cuba.

OMAHA HAS HOTTEST DAY

Omaha, Neb., Aug. 24.—Omaha experienced the hottest day since July 1918 today when the official weather bureau temperature was reported at 101 degrees.

ALLEGED RADICALS WILL BE PLACED ON TRIAL NEXT WEEK

Officers of Law Are Making Ready to Prosecute Immediately

(By The Associated Press)
ST. JOSEPH, Mich., Aug. 24.—Law enforcing officers of Berrien county tonight were marshalling their forces for the prosecution of men arrested in a raid on an alleged radical meeting in the wilderness near Bridgman last Tuesday by the sheriff and a squad of federal investigators.

While the officers were preparing their evidence for presentation at preliminary examination probably next week, David Bentall, Chicago attorney was making ready the defense for the men now held in jail. He had been retained as counsel for the seventeen.

Late tonight a deputy sheriff boarded a train for Lansing to secure extradition papers for W. Z. Foster, Chicago, president of the Trades Union Educational League, arrested on information furnished by federal operatives working at Bridgman. The officer will proceed to Springfield after obtaining the necessary papers for the signature of Governor Small. At Springfield he is to be joined by J. H. Spolanaky, federal agent who is credited with saying that he saw Foster at Bridgman last Sunday.

Foster has denied he attended the meeting.

Each of the men are being held in jail in default of \$10,000 bonds each fixed today when arranged behind the local justice of the peace who ordered them held for a preliminary examination. The date of his hearing has not been set.

STARS GOT THEIR IN HOME TOWNS

(By The Associated Press)
CHICAGO, Aug. 24.—Many stage and moving picture stars have been saved from oblivion by their appearances in amateur productions in their home towns, delegates to the first convention of the Home Talent Producers' association were told by speakers today.

Lillian Gish got her start in a home talent play at Springfield, Ohio, and many others discovered their ability similarly. Mrs. Olive Kackley, a producer declared. "There is nothing like taking part in an amateur play for inspiring folk with confidence in themselves."

Other speakers said a home talent show brings out community spirit more than the county fair and that it is the greatest of all social levelers.

PROHIBITION AGENTS RAID SALOONS AT AURORA

(By The Associated Press)
AURORA, Ill., Aug. 24.—Led by Col. L. G. Nutt, assistant prohibition director and Guy Gindlers, chief field agent, prohibition agents and deputy United States marshals made spectacular raids on saloons and resorts here tonight.

At some of the places the first intimation of the raids proprietors and their customers had when flash lights were taken by photographers who accompanied the raiders.

Aurora bootleggers had been receiving an enormous trade during the central states fair, prohibition agents declared.

GEORGE ELKINS 97 OLDEST FARMER

Aurora, Ill., Aug. 24.—George Elkins, 97, declared to be the oldest actively engaged farmer in the United States, arrived in Aurora today to spend two days at the Central States Fair as a guest of the association. It is the first time he ever has been more than six miles from his farm near Buncombe, Ill., which he has worked for 77 years. Accompanied by his daughter he made the trip from Vienna, county seat of Johnson county, in a private Pullman.

GOVERNOR M'CRAY FOR FEDERAL AID

Indianapolis, Ind., Aug. 24.—Governor McCray today asked federal officials to take action in regard to alleged disorders at Garrett, Ind., in connection with the railroad strike. The governor asked the federal authorities to act in the case after hearing a report from Captain William Kiehlgen, of the Indiana National guard who was sent to Garrett to investigate the situation.

RESOLUTION ON VOLSTEAD SOON 'KILLED BY HOUSE

Was Presented by Representative Tinkham and Tabled

(By The Associated Press)
WASHINGTON, Aug. 24.—The house swiftly struck from its record today a resolution presented by Representative Tinkham, Republican, Mass., calling upon Chairman Volstead of the judiciary committee to resign his committee seat because of aid said to have been given in his last campaign in the seventh Minnesota district by the Anti-Saloon League of America.

As read by a clerk during a hubbub of laughter, the resolution prohibited that unless Mr. Volstead retired within 14 days after its adoption his seat on the committee which framed the prohibition enforcement act be declared vacant.

Representative Mann Republican, Illinois, immediately moved that the proposal be laid on the table, which would kill it, and the house laid it there with a shout of approval. Then Representative Dyer, of Missouri, a Republican member of Mr. Volstead's committee offered a motion to expunge the resolution from the congressional record and it went out by vote of 141 to 33.

After the flurry Mr. Tinkham gave out a statement containing what he expected to say to the house and in which he asserted that since Wayne B. Wheeler, for the Anti-Saloon League, showed expenditures of league funds in Mr. Volstead's district two years ago, Mr. Volstead ought not sit as chairman of a committee before which organization's counsel appeared for or against legislation.

After adjournment of the house Mr. Volstead said:

"No doubt the enemies of prohibition inspired this resolution in the hope that it could be used as a campaign material against my re-election; but the emphatic way in which the house reacted against such bar room methods will give them small comfort."

"If Mr. Volstead is subject to criticism," Mr. Wheeler said, "for receiving the support of the friends of the eighteenth amendment and the constitution which shall we say of Mr. Tinkham, the recognized champion of the outlawed liquor interests who as a member of congress takes an oath of office to support the constitution and then stabs it in the back by advocating beer and wine to nullify its enforcement?"

MINER OFFICIAL TENDERS RESIGNATION

(By The Associated Press)
HARRISBURG, Ill., Aug. 24.—Charles Grace, state executive board member of the United Mine workers and also member of the International scale committee has resigned so that he may affiliate himself with the legal department of the Illinois miners.

The sub-district executive board met today and appointed Carl Wright, present sub-district president to the position of executive board member. John Vaughn was elevated from sub-district vice-president to president and Charles McMahon of Carrier Mill, is the new sub-district vice-president.

CANDIDATE SUMMONED TO APPEAR IN COURT

(By The Associated Press)
CLINTON, Ill., Aug. 24.—Deputy Sheriff B. G. Taylor Republican candidate for sheriff of De Witt county and Carl O. Glenn, a leader of the striking Illinois Central shophmen were summoned today to appear in the federal court in Springfield, Aug. 28. The charge is contempt of court which occurred July 14, when employees at the Illinois Central shops were searched for guns which Glenn claimed they carried. Troops are still on duty here but there have been no acts of violence since last week when three railroad employees were attacked.

WOULD PROHIBIT BRANCHES OF NATIONAL BANKS

Washington, Aug. 24.—The establishment of branches of National banks except in states which specifically authorize them would be prohibited under a bill introduced today by Senator Capner, Republican, Kansas. The bill provides further that any banking house affected by the change in the law must close within 30 days after passage of the act and liquidate its affairs.

Senator Capner said there was strong sentiment in many middle-western states against the practice of branch banking, explaining that the country bankers feel that their existence is threatened by the encroachment of branches of Metropolitan banks on the small town business.

South Sea Island Romance to Order

(By The Associated Press)

HONOLULU, T. H. Aug. 23.—A sunny coral isle in the south seas, far from the propeller and churned paths of the ocean liners, where lazy palms fringe the coral, atolls, and the women, young and beautiful outnumber the men more than 14 to 1, where 30 cents last a month—this is the story told of Tagawa an islet of the Ellice group by Captain J. A. T. Olsen, of the American Schooner Henriette wrecked July 16 in those latitudes.

Captain Olsen and his crew are here today with the British steamer Hauraki, which picked them up at Tagawa, and is taking them to San Francisco. The Captain's tale runs as follows:

"Tagawa is the only habitable island of the Ellice group. Its population consists of 190 persons, of whom twelve are men.

"Our schooner, the Henriette was swung off her course and on to Nukualifi reef by heavy seas which made it highly dangerous to attempt a landing in a life boat without a pilot.

"We struck at night and at dawn we tried for the shore. Before we hit the coral we saw native men pushing an outrigger canoe into the water, and with their assistance we made the shore in safety. If it had not been for the natives we probably would have lost our lives.

"Our coming was hailed with joy by the natives, who pass their existence in a state of isolation. The women outnumber the men 14 to 1 or more and some of them are beautiful. Their ages range from 12 to 18 years and there are only a few older.

"The chief of the tribe, a husky Samoan turned over his grass hut palace to the mate and myself to be used as our private quarters during our stay on the island. He also tendered me one of his daughters, a beautiful dark haired girl with a lovely figure, as a servant. Other pretty girls were assigned to the mate and to members of the crew to wait on them.

"We certainly did not lack for entertainment. I had a great time and would not have missed the experience for any amount of money.

"I had only thirty cents in my pocket when I landed, but money was no object. Many dinners were given in our honor and the native maidens in grass skirts performed hula dances for our amusement.

"We had a hard time getting away. The women wanted husbands and they pleaded with us and coaxed us to stay. Owing to the isolation of Tagawa, most of the men of marriageable age left it.

"All of the inhabitants of the island are Christians and all lead upright lives.

"On our twentieth day on the island, Mate T. P. Bensen sighted the masts of the steamer Hauraki. We put out in our boat and signalled repeatedly and they picked us up.

"We were not worrying for if the Hauraki had not sighted us we would have been taken off the island by the London missionary society boat which calls at Tagawa twice each year."

NO HEADWAY MADE BY BROTHERHOODS IN RAIL STRIKE

Leaders Say They are 'Like Bats, Can't See Their Way Out'

(By The Associated Press)
NEW YORK, Aug. 24.—"We are like bats, we can't see the way out," said the chief of one of the big five railroad brotherhoods in describing the position in which the running trades round themselves tonight after their latest efforts to settle the shophmen's strike now nearing the end of its eighth week.

Today peace negotiations centered on conferences between the brotherhood chiefs and mediators and the executives of more than a score of roads representing approximately 30 per cent of the rail mileage in the United States. The conference which was called to order after the association of railway executives yesterday had declined to yield on the seniority question. Exactly 19 roads, aggregating about a quarter of the country's mileage were represented when the day's first session opened this morning.

After the luncheon recess during which the mediators reported back to the striking shophmen, several more executives slipped into the general conference until more than fifty main lines and their subsidiaries were represented when the parley broke up shortly before seven o'clock.

Both sides professed themselves no nearer an agreement than when they first went into conference. It was evident that the door to peace had not been entirely closed for announcement was made that another session had been scheduled for tomorrow. Altho no official statements were issued regarding the results of today's parley, indications were that the roads represented at the conferences were standing firm with those which had detailed no delegates on the decision of their association not to yield an inch on the demand that strikers be reinstated with full seniority rights. Shop craft leaders indicated that they were not in any mood to accept individual settlements.

The tone of these comments was that the brotherhood men had not been authorized to suggest abandonment of the "all for one and one for all" policy enunciated by the unions at the beginning of the strike. Hints were dropped after brotherhood chiefs had stated cryptically that "its detailed no delegates on the decision of their association not to yield an inch on the demand that strikers be reinstated with full seniority rights. Shop craft leaders indicated that they were not in any mood to accept individual settlements."

When the mediators returned to labor headquarters for the noon day conference with shop craft leaders, the report was current that some definite proposal was under consideration. Tonight it was said that only tentative suggestions had been advanced and that negotiations were still in the discussion stage.

The brotherhood chiefs were closed until a late hour with Bert M. Jewell, spokesman for the strikers and other shop leaders.

GOVERNOR SMALL MAKES ANSWER TO MEX COMPLAINT

Says Mexicans Alleged Assaulted Were Not Near Herrin

(By The Associated Press)
SPRINGFIELD, Aug. 24.—Governor Small tonight announced that an answer to the complaint from the Mexican government that Mexicans were assaulted at Herrin, at the time of the recent mine riot, had been sent to Secretary Hughes at Washington for forwarding to the Mexican government.

The investigation, the governor said was made by Attorney General Brundage. His report and the advice from Bruce Scott, chief counsel for the Chicago, Burlington & Quincy railroad corroborated each other. Mr. Scott, the governor wrote Secretary Hughes would be glad to meet the Mexican representative and show him that it would have been "impossible" for the assault to have taken place as alleged.

The Mexicans, who it is alleged were assaulted, Mr. Scott says were not near Herrin at the time of rioting.

PREACHER-SHERIFF DECIDES TO HANG CONDEMNED MAN

Former Minister Says He Will Not Be Shriker in Duty

(By The Associated Press)
DES MOINES, Iowa, Aug. 24.—Sheriff W. E. Robb, former minister, has faced the question as to whether he shall take a condemned murderer's life by hanging and has decided in the affirmative.

The preacher-sheriff, former chaplain of the 16th infantry of the Rainbow division today quoted the Old Testament in justifying his determination to hang Eugene Weeks, convicted of the murder of George Fisdick, when he pays the supreme penalty at Fort Madison penitentiary Sept. 3.

"Whosoever sheddeth a man's blood, by man shall his blood be shed," the sheriff quoted from Genesis. "I will have no hesitation at all about putting a man to death condemned by the law other than the personal one. I should be a shirker if I failed to hang Weeks myself."

Sheriff Robb declared he was in favor of capital punishment but not by hanging.

SENATE DEMANDS DRASTIC ACTION TO END STRIKES

Wants Steps Taken to End Both Coal and Rail Strikes

(By The Associated Press)
WASHINGTON, Aug. 24.—Government operation of the coal mines and federal control of coal distribution in such a manner as to prevent profiteering, were proposed in measures introduced today in the senate. Other developments in the coal and rail situation included:

Decision by the senate labor committee to substitute the Borah coal commission bill for the Winslow commission bill, passed yesterday by the house.

Demands in the senate for prompt and drastic government action to end both the coal and rail strikes.

Announcement by Secretary Hoover that within a week daily bituminous coal production would be sufficient for the nation's needs, but that the country faced a shortage of freight cars which would be acute within a month.

A suggestion by Chairman Borah of the senate labor committee that the authorities of other states follow the lead of Governor Miller of New York, in dealing with the local coal situations.

A declaration by Chairman Cummins of the senate interstate commerce committee, that congress at its next session would take up industrial problems with a view to determining "what place unionism should occupy in the civilization of the United States."

A resolution empowering the president to take over and operate the mines was introduced by Senator Walsh, Democrat, Mass., after a long debate and was referred to the interstate commerce committee. To this same committee was sent an administration bill offered by Senator Cummins proposing to create a federal coal distribution agency, which, working thru the interstate commerce commission would control not only distribution of bituminous coal, but also anthracite.

Cummins called a meeting of his committee for Saturday to consider the administration measure.

The senate is expected to act first on the Borah substitute for the Winslow bill which Senator Borah plans to call up tomorrow. It proposes a commission of five members to investigate the whole coal industry and make recommendations to congress.

As senate debate proceeded with predictions by some senators of dire distress over the country this winter, Secretary Hoover predicted a sharp increase in bituminous production next week, placing the probable output at 7,000,000 tons as compared with four million tons last week. He indicated that serious transportation difficulties would be encountered in the movement of coal with the crisis reached within a month unless there should be a settlement meantime of the railroad strike.

PARTIALLY IDENTIFY ALLEGED ROBBERS

(By The Associated Press)
DES MOINES, Iowa, Aug. 24.—Police tonight partially identified three suspects as members of a band that held up and robbed the Cottage Grove Bank this afternoon of \$4,100. The men taken into custody gave their names as C. R. Menden, E. T. Graham of Kansas City, Mo., and Tom Melrose of Topeka. Mrs. T. H. Minden, wife of the bank's president informed police she believed the men held were three of a band of four which held up the bank.

A THOUGHT

A word fitly spoken is like apples of gold in pictures of silver.—Proverbs 25:11.

Words which flow fresh and warm from a full heart, and which are instinct with the life and breath of human feeling, pass into household memories, and partake of the immortality of the affections from which they spring.—Whipple.

Coal mining is a hazardous operation, but the underground worker had the best of it yesterday, with the mercury standing at 104 degrees.

When you are thinking about the high cost of living and the other subjects that cause you daily worry, just remember that fruit is exceedingly plentiful this season, and that the price of sugar remains low. The tendency is to forget these facts and to think only about the commodities that are scarce and high priced.

The opposing view points in affairs relating to the coal industry are emphasized by the two suggestions for investigation. The miners' organization wants a commission appointed, one representative of the miners, one from the operators and these two to select the third member. The administration measure providing for investigation of the industry requires a commission none of whose members shall be associated with the mining industry, either of miners or operators.

The surroundings of the tourists camp site at Nichols park are attractive and various courtesies are extended to travelers. However, reports come occasionally of camps in other cities where shower baths and various other conveniences are offered. Perhaps the time may come when even more conveniences can be accorded the tourists who visit Nichols park.

Henry Ford prophesies that the time will come a few years hence when 30,000,000 automobiles will

be in use, nearly three times as many as at present. In that day strikes on the railroads will not be as disturbing as at present.

It is comforting to think, too, that Jacksonville with its numerous filling stations is all ready for this big increase in traffic.

The cases have not been proven but the meanest scandal of all is being unearthed in Chicago, where it is charged that millions of the funds of the board of education have been improperly handled. If there are degrees in every of this kind, certainly those who steal money designed for the education of boys and girls are the most despicable class of all.

WHEN YOU WERE A BOY

By NEA Service
In this hot weather, your thoughts turn back to boyhood and somehow cool water is inseparably connected with it—the cold spring bubbling from kindly Mother Earth, and the refreshing old swimming hole.

Clarence Darrow once wrote that the boy never lived who could pass cold running water or a spring without pausing for a drink.

Tired of the flat luke-warm fluid that comes thru dirty city water pipes, what would you not give for another session flat on your face in the grass and moss, drinking your fill from the spring of boyhood? Oh, but it was delicious there in the shade, with the fragrance of clover on the breeze.

Birds trilled in the nearby forest. From far off thru the dusty hot air floated the ambitions whirr of the planing mill, the soft roar of the flour mill, the whistle of a distant freight train or the crash of gondola cars shunted down a siding.

Your faithful dog, his long red tongue panting, the gorged with water, watched you intently and wagged his tail violently when you favored him even with a glance.

The dog watched closely, for he knew that soon you would join the gang under the willows at the old swimming hole. He was the best swimmer of the bunch, that dog—and, maybe, the best scout.

You had great day dreams of the gang, undecided whether to be pirates or railroad engineers when you grew up. Your soul thrilled with knowledge that they were your friends. Oh, yes, you never would forget those lads. How many have you kept tract of. In particular, what became of the young demon who always led in tying your clothes in knots, making you "chaw beef?"

It was a red-letter day when you were allowed to help unload a car of watermelons. The ripest and most alluring always slipped—accidentally, of course—and had to be eaten.

You recall that melon. Seeds as black as ink, the "meat" red

BERTON BRALEY'S DAILY POEM

She Must Know

By Berton Braley

(Mary Ann Sanders of Beauvoir, Miss., aged 72, has just married for the seventh time.—NEA story.)

MARY ANN SANDERS of Beauvoir, Miss., has seven times sought matrimonial bliss. And six times in seven—you'll hear her expound it—Mary Ann Sanders has luckily found it! Four times she has married Confederate Veterans. As husbands, says Mary, there aren't any better 'uns; And with the experience that Mary can show, Mary Ann Sanders should certainly know!

MARY ANN SANDERS is seventy-two. But years do not matter—or that is her view; "My heart's just as young and my mind's just as keen As when I first married at blushing fifteen. And so I got married again, be it known," Because a girl cannot be happy alone. Is marriage successful? I'll say it is so! Well, Mary Ann Sanders should certainly know.

SAYS Mary Ann Sanders, "Be kind to your spouse, And do not afflict him with family rows, But treat him with judgment and feed him with care And you'll make a joyously conjugal pair." Thus seven times wedded, does Mary express Her thoughts on how marriage may be a success, And when on her record a glance you bestow— Well, Mary Ann Sanders should certainly know!

DRUG ERROR CAUSED MINISTER'S DEATH

Rev. C. S. Morrison Took Dose of Barium Sulphide By Mistake—Deceased a Grandson of Rev. T. N. Morrison, Long Resident Here.

Rev. Cameron S. Morrison, known to a number of Jacksonville people, died recently in Seattle, Wash., after he had taken a dose of barium sulphide by mistake. A clipping from a Los Angeles paper giving details of the rector's death was received by Capt. F. C. Taylor.

The deceased was a son of Dr. Theodore N. Morrison, Bishop of the Iowa diocese, the latter a son of Rev. T. N. Morrison, Sr., at one time rector of Trinity Episcopal church in this city.

Theodore Morrison will be remembered by a number of residents of Jacksonville as a student at Illinois college. The facts as told in the Los Angeles paper are given below:

The mistake of barium sulphide for barium sulphate, investigators for Coroner W. H. Corson said today, caused the death yesterday of Rev. Cameron S. Morrison, formerly of Olympia, rector of the Protestant Episcopal church of the Epiphany of Seattle. M. P. Dix, pharmacist, from whom Morrison purchased a package of the drug declares the mistake was not his.

Dr. C. P. Bryant Monday instructed Mr. Morrison to buy and take barium sulphate in preparation for an X-ray examination. Tuesday Mr. Morrison went into Dix's drugstore. After the purchase he expressed his satisfaction that he had obtained what he wanted in the first place he entered. He swallowed the drug that evening and began at once to suffer pains and dizziness. He was under Dr. Bryant's care until death.

"Mr. Morrison asked for barium sulphide, and that is what he got," said Dix. "I had no barium sulphate in the store and would have told him so at once."

"We use barium sulphate daily in X-ray work," said Dr. Bryant. "It is a common thing today in its application and its sale as bicarbonate of soda (baking soda.) When I discovered the label on the bottle I was amazed. In fact I knew nothing about the sulphide of barium nor did my associates, Drs. Watts and Alton. We looked up the latest works on toxicology and could not find any reference to barium sulphide, altho barium sulphate was a subject exhaustively treated."

Davenport, Ia.—Rev. S. Cameron Morrison, rector of the Epiphany Episcopal Church of Seattle, Wash., whose death by accidental poisoning late yesterday afternoon was recorded in dispatches today, was the oldest son of Theodore N. Morrison of Davenport. He was born and raised in Chicago, and made his residence in Davenport for five or six years prior to going to the West Coast twelve years ago.

A rummage sale will be held by the ladies of Central Christian church this Friday and Saturday at Babb's Garage, 320 So. Main street. Proceeds for the pipe organ fund.

VISITED IN PIKE COUNTY
Morrison Worthington of Worthington, Reeve and Green, spent Tuesday and Wednesday on a combined business and pleasure trip to Pike county. He spent the night at the farm house of his cousin, Jesse Long, near Pittsfield and the next day he called on another cousin, Mrs. W. D. Dutton, in Pittsfield.

PUBLIC SALE NEAR LYNNVILLE THURSDAY
A public sale was held Thursday afternoon on the Alfred Glessop farm a mile and a half southwest of Lynnville. A large number of bidders were in attendance and the sale was a successful one. H. E. Spencer was the auctioneer and John Heaton the clerk. A number of hogs, cows and horses were sold, beside some farm implements, hay and grain. The prices realized for all the offerings were considered very satisfactory and the sale totaled a goodly sum.

WEDDINGS

Bandy-Hamilton
Robert L. Bandy and Miss Ruth Hamilton, both of Roodhouse, were united in marriage Thursday afternoon by Rev. A. P. Howells, at the parsonage of the Baptist church. Witnesses to the ceremony were Mrs. Thomas Bean and Mrs. Howells.
The bride is a daughter of Mr. and Mrs. Wilfred Hamilton, well known residents of the Roodhouse community. Mr. Bandy is a son of Mr. and Mrs. Elmer Bandy, who are also well known in Roodhouse and vicinity. The young people are to make their home on a farm near Roodhouse.

FINE PROGRAMS WERE GIVEN AT WINCHESTER

Chautauqua Audiences Well Pleased by Thursday's Programs—George Gunn of This City in Vocal Numbers—Other Winchester News.

Winchester, Aug. 24—Thursday was the most successful day of the 1922 chautauqua, both in excellence of program and attendance. The Mercer Concert Co., appeared both afternoon and evening in splendid programs, each number being well received by the large audiences present. Geo. Gunn of Jacksonville appeared on both afternoon and evening programs in vocal numbers, which were so well received that he was called upon for numerous encores.

Mrs. J. T. Gunn, mother of the young vocalist, was in attendance and one of his selections, "Mother's Mine," was especially in her honor.

Dr. John A. Gray was heard in interesting lectures both afternoon and evening. In the evening solicitation for sale of tickets for the 1923 assembly was begun and will be completed today.

The program Friday will include programs by the Gossman seven-piece orchestra and a play reading by Miss Maude Willis, well known interpreter of great plays. At 7:30 Friday night the orchestra will give a grand concert and at 8:30 o'clock Father John Cavanaugh, eminent Catholic priest, will close the chautauqua for this year with one of his splendid addresses.

News Notes

Miss Reva Copley of Girard is a guest at the home of her uncle and aunt, Mr. and Mrs. Edward Warcup. Miss Copley was formerly a resident of Winchester.

Mr. and Mrs. Ralph Gordon have returned to their home in Valler after a stay of four months with relatives here. Mr. Gordon is employed in the coal mine at Valler and has been having a vacation while the mines were closed down.

Miss Della Bell arrived Wednesday from Champaign to visit relatives and friends.

Exell Hawk has been licensed to preach in the Methodist church and will deliver his first sermon at the church here next Sunday morning.

It was stated recently that E. J. Funk and wife had gone to a Minnesota resort. This was in error, as it was Mr. and Mrs. E. J. Frost who went to the northern resort for a stay of several weeks.

All the business houses, banks and offices closed Thursday afternoon on account of the chautauqua and the audience which assembled was a large one, in spite of the extremely warm weather.

Among those who attended the chautauqua Thursday afternoon were the following from Jacksonville: Mrs. J. T. Gunn and daughter, Mrs. Alice Stein, Harvey Gunn; the Misses Hackett, John Hackett, Charles Hopper, Mr. and Mrs. Abe Wehl, Clarence L. DePew and J. W. Merrigan.

CELESTIAL SPECTACLE TO BE VISIBLE TONIGHT

A group of planetary bodies including the moon will present a very peculiar aspect to those interested in astronomy tonight. About a half dozen of these bodies will line up in a straight line between seven and eight o'clock and can be seen thru a small field glass. The Phenomenon will reappear again Saturday evening thirty-nine minutes earlier.

About the Opal

(Repolishing Damaged Opals)

The opal is more liable to surface injury than any other of the precious jewel stones, yet a damaged, scarred or dull opal can be easily restored to its primary lustre and fiery brilliance.

The method used is to "grind" the surface of the damaged opal with a flat piece of Lindenwood using with it Rottenstone and water (never oil) until the scratches and dullness disappear, when the opposite side of the wood is used, with Paris red and water. The water's only office is to keep the opal from getting too hot from friction.

Come in and let us show you some opal-set jewelry. Next week we will tell you how tourists are "worked" by opal "peddlers"

CUSHING CONTINUES
MURDER CONFESSION

(By The Associated Press)
MORRIS III., Aug. 24—Thomas Cushing, confessed slayer of his girl wife and her unborn baby, continued today his story of the killing of his wife. After stating that he drank a large glass of wine last Saturday and that his wife remonstrated with him about drinking, Cushing was quoted as saying: "Then I took a curtain stick of oak. We had no argument. I hit her over the head two or three times. I guess pretty hard. She said 'I'll forgive you Tom because you drank that.'"
Cushing said, according to officials, after he struck his wife she lay in a closet off the dining room of their home and added:
"There was a gasoline can in the pantry door and I gave it a kick and upset it. The gasoline went all over the floor of the dining room. There was a match on the pantry shelf and I struck it and threw it into the gasoline. There was no gasoline on her. The flames went all over. I went outside and called Jim McDermott. Then I went down to the tank and got a drink of water."

WOMEN WILL USE FAIRS AS
POLITICAL SCHOOLS

MRS. LOUIS M. DODSON

By HARRY B. HUNT
Washington—All may not be fair in politics, but politics is going to be present at all the fairs, under the latest plan of the Republican Women's National Executive Committee.

Plans have been completed for presenting to the women visitors at 500 state, district and county fairs throughout the country the G. O. P.'s own side of what's what and who's who in politics.

The party's achievements will be set forth by sympathetic spokeswomen, entertainment and refreshments will be provided and all fair visitors to the fairs will be urged to support administration officials and undertakings.

Mrs. Dodson Heads Move
Mrs. Louis M. Dodson, director of organization, Republican Women's Executive Committee, has been the chief sponsor for the plan.

Harriet Taylor Upton, chairman of the Women's National Committee, and other influential

Republican women in the undertaking. Among those cooperating are Mrs. Ella Yost of West Virginia, Mrs. Barclay Warburton, Pennsylvania; Mrs. J. C. Pearson, Oklahoma; Miss Jeanette Eckman Delaware, and Mrs. E. Adams of Iowa.

Mrs. McCormick Active
Mrs. Medill McCormick, wife of Senator McCormick of Illinois, reports Illinois women have taken the lead in opening fairs and that those have been the most popular sports on the fair grounds.

Easy chairs are provided where visitors may rest while they listen to phonograph records of political speeches. Music and motion pictures also are provided as well as lemonade and iced tea.

"The county fair promises to be a splendid political medium," says Mrs. Dodson. "Our chairmen in all states have been asked to open booths or tents at all fairs. The idea has been taken enthusiastically."

The World's Greatest Cleaner

A Few of the
Points of Superiority

- It eliminates hand labor with the ineffective, insanitary broom.
- It cleans floors, carpets, rugs and upholstery mechanically.
- It cleans by the use of air, one of the best cleaning agents.
- Large volumes of air moving at great speed are forced through the fabric carrying the dirt and dust into a bag. It gets all the dirt.
- It gets none of the nap or fabric.
- It is easy to handle.
- It is simple to operate.
- It saves much labor.
- It saves much time.
- It is durable and free from mechanical troubles.
- It is economical from every angle.
- It is the most effective way to clean yet devised.
- It is welcomed by all domestic employees.

Study the picture of the Eureka Vacuum Cleaner in use and note how simply and easily it is operated. A delicate woman can move it about over the carpets or rugs with one hand without the slightest exertion. The secret of its simple control lies in the fact that the handle fits in the hollow of your hand—with the control switch always directly under your thumb.

MAYOR CRABTREE TO OPEN STYLE SHOW

Will Deliver Opening Address First Night of Fashion Pageant at Morgan County Fair.

Mayor Crabtree will deliver the opening remarks at the Merchants' Fashion Pageant and Indeville Show, Thursday evening at the grounds of the Morgan County Fair. The show will open promptly at eight o'clock and will probably be attended by several hundred people. Plans for the entertainment have been completed by Chairman Stanley right and several professional artists have been engaged to furnish variety for the audience. The whole program will be announced later, but some of the acts included are:

Frank Kirk, in an impersonation of "Souza, the Bandmaster," Kirk is well known to thousands of theatre-goers, as he is a prominent member of Harvey's minstrels. His engagements here mean a great deal toward the financial success of the show.

The Trancers will appear in a sketch called, "Fifteen Minutes a Dressing Room." This will be a unique farce comedy and will be a feature of the program as well as in keeping with the nature of the show.

A double vaudeville team will furnish other professional numbers for the amusement of the audiences during the two evenings.

The musical overtures and accompaniments will be played by a twenty-five piece band under the direction of J. Bart Johnson. Special numbers have been arranged for the showing of the famous scenes and are arranged harmonize with the surroundings at the time. The settings are being completed and are very elaborate.

The firms which are to exhibit the show have scoured the country searching for the latest

in creations of clothing. Many things will be shown that have never appeared before, especially in ladies' wear. Men's wear will have several surprises, however, that will be of interest to the neat dressers of the community.

Shanken's Ready-to-Wear store has secured several of the latest modes worn at the St. Louis Fashion Pageant and will exhibit them for the first time in this city.

Hoppers and Smart Shoe stores have arranged to show some of the latest in men's and ladies' footwear, some of which have been shown at various pageants in the country.

Myers Brothers and Louis L. Horne have obtained some excellent specimens of men's ready-to-wear and promise several things that have never been shown before in men's clothing.

Henry Smith has purchased a few of the hats shown at the Marjorie Gordon Fashion Pageant at Chicago. He has secured the second prize winning hat of the Grand Prix Ball of Paris. This hat will be shown at the style show.

Take Along a Book

Marshall, Edison, "Shepherds of the Wild"—This is the same author who wrote "The Voice of the Pack" and all who liked that great outdoor story will find this new book equally interesting. It is about Hugh Gaylord who rapidly wasted his wealth and strength in the great city just idling about in society, but he was persuaded by an old family friend to go on a hunting trip to the Rockies in quest of a giant Cougar known locally as "Broken Fang." Once in Idaho, up among the mountains, Hugh finds himself suddenly confronted with a situation which awakens his latent manhood and his sense of responsibility, and almost against his own will, yet voluntarily, he becomes guardian of a large flock of sheep, whose herder has been murdered by cattlemen. The sheep are pastured in a district coveted by cattlemen, who resort to villainous methods to oust or destroy the new shepherd and his flock, and Hugh is compelled to sell on every reserve force he possesses, but his difficulties are shared and lightened by Alice Crowson, a stouthearted Western girl whose father owns the sheep. There is a great appeal in the sweet pure love story of these two also in the description of "Broken Fang" the Cougar, and of Shep, the wonderful sheep dog who is Hugh's teacher in the sheep lore and in the doctrine of responsibility and service. "Shepherds of the Wild" will appeal to all who like an exciting yarn and particularly to all lovers of the great outdoors and of animal life. Get it at the public library.

Sinclair, Bertrand W. "Hidden Places"—This is the last book by the author of "Poor Man's Rock" and will be enjoyed equally as well. It is about a soldier, Bob Hollister, who came back from the war with his face so disfigured by shrapnel wounds that some people involuntarily shrank from him. He was officially but mistakenly reported dead and his wife in the meantime had married again and all the money there was in Hollister's estate. Demobilized, he returned home to Canada to find himself alone, and almost penniless, and with no property except a piece of timberland of doubtful value.

REPORT IS DENIED.
Rome, Aug. 24.—By The A. P.—Reports that Pope Pius had expressed displeasure over the manner in which the Passion Play at Oberammergau was being conducted brought forth a statement from Vatican circles that His Holiness had had no occasion to signify his approval or disapproval of the Bavarian production. It was stated that no report of the present performances had been made to the holy see by Monsignor Pacelli, papal nuncio at Munich.

FARMER LOSSES
1,100 BUSHELS OF WHEAT
Aberdeen, S. D., Aug. 24.—Tom Lelsen, farmer, residing about seven miles northwest of here, lost 1,100 bushels of threshed wheat last night when the separator which was threshing the grain into a portable steel granary on the field, developed a hot box. A stiff breeze prevented workmen from extinguishing the fire until the damage had been caused.

AUTO DEALERS TO EXHIBIT AT FAIR

About Fifty New Model Cars Will Be Shown—Chicken Dinner Enjoyed—Band Committee Reports.

At a special meeting of the Jacksonville Automotive Dealers association held Thursday night at the Dunlap hotel, arrangements were completed for their exhibit of new model cars at the Morgan County Fair. The dealers will have a tent near the entrance having a capacity for showing about fifty automobiles. All spaces were spoken for at last night's meeting except one and that will probably be sold today. The exhibit of cars promises to be fully up to that made at the recent auto shows held here and the new models of various makes no doubt will attract considerable attention.

The committee appointed at the last meeting to confer with a like committee of business men with regard to the possibility of obtaining a reorganization of the old Jacksonville band or the formation of a new band, reported that owing to the chautauqua, preparation for the coming county fair and several away on vacations, they had not been able to secure a committee meeting but would do so soon after the first of September.

Preceding the business session the members enjoyed one of Manager "Jack" Rule's splendid fried chicken dinners, served under his personal direction. The meeting was one of the enjoyable of the year in many ways.

Eugene Caldwell, salesman, of this city was a guest.

Invincible Class Held Lawn Social

The Invincible Class of the Northminster Presbyterian church held its annual social on the lawn of the church last evening. A large number of members and friends of the class were present and enjoyed the occasion. An excellent luncheon was served to the many guests and an informal program provided plenty of uplifting entertainment for the guests. Rev. Walter Spoonst is teacher of the class which boasts of over one hundred members.

Iona Council Had Pleasant Session

Members of Iona Council No. 97, Degree of Pocahontas, held a meeting Thursday night. There was an unusually large attendance of members. Special interest attached to the occasion because of an address made by Mr. S. T. Coyle, a former resident of Jacksonville, who is a member of the Lakota Council No. 167 of Springfield. Mr. Coyle's address was especially interesting.

In a contest honors were won by Mrs. Mary Redburn. Refreshments were served during the social hour. The committee on refreshments included Mrs. Fannie Benson, Mrs. Ella Fanning, Mrs. Jessie Bambrook.

Birthday Surprise For Mrs. Charles Patrick

Mrs. Charles Patrick of 338 East College avenue was given a very pleasant surprise Thursday evening the affair being planned by a number of her friends in honor of her birthday. Mrs. Patrick had spent the day with a friend and when she returned in the evening found that about thirty of her friends had taken possession of her home. They had prepared an elaborate supper of fried chicken, salads, ice cream and various other good things to eat, and this was served at 6 o'clock.

Altho taken completely by surprise, Mrs. Patrick enjoyed the occasion fully as much as did any of her self-invited guests.

Those present were Mr. and Mrs. H. C. Bacon, Miss Mabel Bumbower and son Homer, Mr. and Mrs. Charles W. Nichol and daughters, Emily Rose and Marianna Beatrice; Mr. and Mrs. Charles C. Montgomery, Miss Louise Montgomery, Mrs. Allie Lawson, Mr. and Mrs. James Alkire, Riley Alkire, Mr. and Mrs. Edward Young and son Wilford; Mrs. Emily Nichols, Mr. and Mrs. Morris Davis and children, Paul and Elizabeth, Mrs. Gertrude Richardson, Mr. and Mrs. Charles Patrick.

MADE FAST AUTO TRIP FROM IOWA

Misses Marion and Irene Miller returned yesterday from a five weeks visit in Iowa. They drove from Jacksonville direct to Charter Oak, Iowa, where they were guests at the home of their sister, Mrs. Ruth Parks. They also visited Miss Frances Kolp in Sioux City, and spent several days with friends in Denison.

The Misses Miller drove their own car and the return trip of more than 400 miles was made in two days. In a large part of that mileage they traveled thru mud, as they found a heavy rain had fallen up to a point a few miles north of Beardstown.

SECOND MORGAN COUNTY OIL WELL IS SHOT

BROUGHT IN THURSDAY ON MAHON FARM

Twenty Barrel Size From Four Hundred Foot Depth—Messrs. Rhodes and Moorehead Enthusiastic Over Prospect—Third Well to Be Located Quarter Mile West—Formation Like Centralia.

The prospects for a worth while producing oil field in Morgan county are bright. Messrs. Rhodes and Moorehead brought in a twenty barrel well Thursday just before noon on the Mahon farm. Drilling operations for this well have proceeded so quietly that very few people knew the well was being sunk.

During the week the well was bored to a depth of 400 feet when the drill went into Pennsylvania sand. Nitro-glycerine had already been brought in over land and the well was shot Thursday just before noon. The cleaning out process was begun almost immediately thereafter, and it is the expectation that pumping of the well can begin today.

The flow yesterday was sufficient to warrant Mr. Rhodes making the statement that this is a twenty barrel well. All kinds of trouble was experienced with the first well and after it was shot it seemed impossible to get the casing into the well in condition desired. The well has not been abandoned, but the second one was sunk only about eight feet from it.

Drilling is very soon to be done on the third well and it will be put down one-fourth mile west of the present wells.

Mr. Rhodes said last night that the drilling of the second well had furnished a desired line on the underground formation and that he and Mr. Moorehead felt more encouraged about the field than at any previous time.

Like Centralia Formation. "The formation is just like that at Centralia," Mr. Rhodes said. "That field, you know, has been under development for fifteen years past with small flowing wells of shallow depth. However, in recent weeks larger wells have been discovered in another locality and hundreds of oil operators are now flocking in to the Centralia territory."

"The Pennsylvania sand was struck in this second well at 400 feet. We believe that we will find the Niagara sand at 700 feet and the Trenton at from 1,300 to 1,500. It is a strange thing but true, that the quality of the oil in the well just put down is very much better than that found in the first well, only eight feet distant. We of course are making no definite prediction as to just what further drilling will reveal, but we are confident that the wells are going to show a nice production, all in volume enough to make drilling profitable."

BOULEVARD LIGHTS FOR E. STATE STREET

Petition Circulated by Chamber of Commerce Committee Will be Filed With Local Board of Improvement—Fund for Mercedia Bridge Grows

The directors of the Chamber of Commerce met Thursday night with Vice President John W. Merriam presiding. Secretary Welch made reports for the fair and good roads committees as well as for the commercial division. Mr. Merriam as chairman of the Mercedia bridge committee, told the directors that the work of raising Jacksonville's contribution toward the bridge fund is proceeding quietly but satisfactorily.

A report was made by the committee appointed some months ago to focus interest in a boulevard lighting program for East State street. The committee gave the names and footage showing property owners owning 1896 feet have signed in favor of the project. The directors approved the action of the committee and suggested that the petition be transmitted to the board of local improvement with the endorsement of the directors.

The board will no doubt take favorable action. The signers to the petition included A. A. Curry for Passavant hospital, 400 feet; W. E. Ehnie & Bro., 75 feet; Dr. W. P. Duncan, 94 feet; P. Bonansinga, 50 feet; Cloverleaf Insurance Co., 100 feet; John O'Donnell, 34 feet; Railway & Light Co., 80 feet; I. O. O. F., 60 feet; Centenary church, 120 feet; Knights of Columbus, 80 feet; Illinois Woman's college, 803 feet.

Various matters relating to Chamber of Commerce welfare were under consideration and the board session did not adjourn until 10:30.

COLLEGE AVE. PAVEMENT ASSESSMENT APPROVED

In the county court Thursday Judge H. P. Samuel entered an order approving the assessment roll of the West College avenue pavement. No objections have been filed to the proceedings. It is therefore logical to assume that the public improvement board will soon advertise for the construction of the pavement.

As is true of other paving projects the board will no doubt name a citizens' committee to cooperate in inspection and to aid in determining various matters in relation to the letting of the contract.

HOPPERS GATHERED IN 54TH REUNION

Annual Reunion of Hopper Family Held at Nichols Park Yesterday—Over a Hundred Present.

The fifty-fourth annual reunion of the Hopper family was held yesterday evening at Nichols park. It was estimated that over a hundred members of the family were present. The founder of the family in America, Thomas Hopper, came to this country in 1856 from Scarborough, England with his wife and eleven children. Today only three or four of these children are alive. They are, Richard Charles and Philip, all of whom were present yesterday. Thirteen descendants and wives, descendants now number about one hundred and fifty-six.

The reunions originated years ago when all of Thomas Hopper's grown up sons came to the old family farm near Sinclair to help their father with sheep shearing.

Kind of good things were played to attract the eye and create the appetite of the assembled Hoppers. According to Mr. Charles Hopper they all of justice to the foods and the younger generation devoted special attention to the ice cream cones. After the supper a business meeting was held at the following new officers of the family organization were elected:

President—Miss Emma Hopper.

Vice president—Miss Eunice Hopper.

Secretary—Miss Besse Hopper.

Treasurer—Miss Helen Hopper.

Dr. Charles Hopper is the retiring president and Miss La Hopper the retiring secretary.

Since the last reunion the following members of the family have passed on: Mrs. Jane Hopper Hunter, of this city; May Hopper John, of Okla.; and Robert Stewart, infant son of Mr. and Mrs. Fletcher Hopper of this city.

Two births were reported, having occurred since the reunion last year. They were infant sons of Mr. and Mrs. Fletcher Hopper, a daughter.

Those present from a distant were: Mr. and Mrs. Thomas Hopper and son, Donald, of London, Iowa, and Robert Crawford of Madison, Wisconsin, of the rest of the hundred present were Morgan county people.

Lincoln-Douglas Debate Shaped for Issues Today

The stone marking the spot where Abraham Lincoln outwitted Stephen A. Douglas in the great Freeport debate is shown in the center. Upper left—Lincoln; upper right—Douglas. Below are two orators who will speak at the anniversary celebration: Left—Byron Patton Harrison, U. S. Senator from Mississippi; right—Karl C. Schuyler, former speaker of the Colorado house of representatives.

NEA Service
Freeport, Ill.—Some 60,000 visitors are expected to come luxuriously autoing and train-traveling into Freeport August 27.

The occasion is the celebration of the fact that, 64 years ago, some 20,000 visitors came riding here in carts, wagons, carriages, and many afoot, expecting to see the popular orator, Stephen A. Douglas, the "Little Giant," ignominiously crush in debate a long, ugly backwoodsman by the name of Abraham Lincoln.

This debate, held August 27th, 1858, eventually put Lincoln in the White House and changed the destiny of a nation.

The celebration this year will last all day, with parades, fireworks, community singing and other similar features. But it is expected to have a deeper significance, also. For the committee in charge has arranged for speeches by a Democrat, Byron Patton Harrison of Mississippi, and by a Republican, Karl C. Schuyler of Denver, Colo., former speaker of the Colorado House of Representatives, on the subject, "Application of the principles of the Lincoln-Douglas de-

bate to problems today." Sluggans which will be used in the political battle for control of Congress next fall will be sounded by the orators, it is predicted.

The Question

The prize for which Lincoln and Douglas debated in Freeport was ostensibly a United States senatorship. But Lincoln looked further ahead into the future, when the presidency would be the prize. Already there was talk of armed conflict between the north and south, and slavery had become a paramount issue. Lincoln interpreted these things more clearly than did his famous opponent.

In Lincoln's brain, and also (if history is true) on a paper stuffed in the crown of his battered stovepipe hat, was a question. His advisers warned him that to ask it meant defeat—perhaps political annihilation. But the gawky country lawyer did not waver.

"Can the people of a United States territory, in a lawful way, against the wish of any citizen of the United States, exclude slavery from its limits prior to the formation of a state constitu-

tion?" he asked in a tone which carried to the outermost limits of the throng from the platform where he stood.

Douglas' reply that it could, because "slavery cannot exist unless supported by local police regulations," won Douglas the senatorship—and cost him the presidency two years later!

Split Democrats

The question proved a wedge which split the Democratic party in two, and put Lincoln into the White House in the resultant miter three-cornered fight.

The site of the debate is marked by a huge boulder, dedicated by Theodore Roosevelt in 1903. On it is a plate with the following inscription:

Within this block was held the second joint debate in the senatorial contest between

ABRAHAM LINCOLN

and

Stephen A. Douglas

August 27, 1858.

"I am not for the dissolution of the Union under any circumstance."—Douglas.

"This government cannot endure permanently half slave and half free."—Lincoln.

Dedicated by President Roosevelt in 1903.

DR. MCARTY COMING FOR PICNIC TODAY

Will Address Methodists at Nichols Park—Public Is Invited.

The annual Morgan County Methodist picnic will be held at Nichols Park today. The exercises will open with an automobile parade starting at 10:30. Everyone having an auto is requested to meet at Grace M. E. church at 10 o'clock for the parade. The line of march will be thru the main streets of the city and to Nichols Park, where a basket dinner will be enjoyed.

The afternoon will be devoted to various forms of entertainment including some addresses, community singing, and athletics. The Rev. F. A. McCarty, D. D., formerly pastor of Centenary church will deliver the chief address. Races and other athletic contests have been arranged for various classes.

While it is called a Methodist picnic and is given by the Methodist churches of Morgan county, the public is invited to attend, and to take part in the parade and the contests.

**A New
Kitchen
Pleasure**
which
**YOU may
have...**

When you first use a Monarch Range you experience a new pleasure in your kitchen work. And, as the years go by, you appreciate more and more that this range is different from others you have used. People who bought Monarchs twenty years ago all tell the same story—that the old Monarch bakes as well with as little fuel as ever. And usually they add, "It looks almost like a new range."

How is it that this range gives such unusual service? There is a very good reason—something that every housekeeper ought to know. The Monarch is made of malleable iron and rivets. There is a very good reason—some Malleable iron does not crack or break. And riveted joints—made tight without stove putty—can never open up to cause air leaks which waste fuel and interfere with baking.

Vitrified Rust Resisting Flues

The flues of the Monarch are protected against rust by Vitrified Linings—the only effective form of rust protection practical for use under the extreme variations of temperature that occur in range flues. In choosing your range, think first of these important things. Don't be influenced by trifles. Never forget that if your range is to give long and satisfactory service, it must be built the Monarch way.

Monarch Malleable

Continued Satisfaction With Low Fuel Cost—through long years of service!
The Monarch is Easy to Keep Clean

The Monarch's handsome, blue-black, Mico top needs no stove blacking. The white porcelain panels and blued steel body are quickly cleaned with a cloth. The few nickel parts are perfectly plain. There is no ornamentation to catch dirt.

Duplex Draft

Fuel burns evenly in the Monarch's firebox, due to the patented Duplex Draft. It provides uniform heat to all parts of the top and oven. And it leaves no unburned fuel to be thrown out with the ashes.

THE PRETTIEST GIRL

So she's the prettiest girl there is, eh I guess you are in love, my lad. I have no doubt you're a lucky boy. But you can't be so lucky's your dad.

For there never was a fado so fair O'er hill or dale or anywhere. As that of the girl who smiled at me Thru the gnarled old limbs of the apple tree.

Her eyes were blue like the skies in May. I'll tell you boy that was a day. Her lips were curved in the bewitching smile That's made this haughty of life worth while.

Her cheeks were pink like the blossoms sweet That clung in clusters o'er her feet. Her hair was just like golden thread Wove into a crown for her Queenly head.

Some said 'twas a case of love at sight. It must have been, for that very night Beneath the limbs of the apple tree The prettiest girl gave her promise to me.

For she is the prettiest, e'en to this day. It makes no difference if her hair is gray Her lips still smile in the same old way. Her eyes are as blue as skies in May.

And looking back thru happy years Sweet memories leave no place for tears. Your Mother dear 's e'er true to me A better wife there couldn't be.

Well now, my boy, I've had my say, So its your turn for the "Happy Day." Just run along to your Love Lady, lad, And never forget she's the best ever had.

OBITUARY

James Heaton, son of A. H. and Lucy Heaton was born in Manchester, Ill., Sept. 3, 1842. Here he grew to manhood receiving his education in the public school. From boyhood, he was associated with his father in the mercantile business.

He was married to Miss Helen Wilkins in Vernon, Ia., May 5, 1874. To this union one daughter, May, was born but seemingly there was a better place for her and she was called to her reward Nov. 24, 1892. After the death of his father he succeeded him and conducted the business that won for him a place in the business world which was a great success. Uncle Jim was a kind husband and father, a good neighbor and a friend to the friendless. People will never forget how he stood by the Baptist church when it burned and was being rebuilt for he saw that it was completed, using much of his time and means. Mrs. Heaton passed away April 16, 1911.

Mr. Heaton continued in business until failing health necessitated his retirement, which was only about 12 months ago. His

The Choicer Diamonds—Loose and Mounted

—to Help Your Hens Over the Moulting Season

Now is the time to prepare your hens for big egg production during the fall and winter months. Don't let them linger along from four to six months moulting. Get them through the moult QUICK, because a moulting hen is an expense instead of a producer. Every day counts and the feeding method you employ now determines the profits bidy will produce for you later on.

Try the FUL-O-PEP Way

The best known feeding method during the moulting season, is half FUL-O-PEP DRY MASH and half FUL-O-PEP GROWING MASH. Keep it before your hens all the time and you will be agreeably surprised how quickly they will finish moulting and be back on the nests, shelling out the eggs in large numbers.

FUL-O-PEP POULTRY FEEDS

enable poultry raisers to get results from poultry that at one time were considered impossible. Ful-O-Pep Growing Mash for growing birds enables you to produce big healthy, early laying pullets at less cost than any feed known. Keep it before the growing stock all the time—don't stop feeding it until pullets are six months old. Then feed Ful-O-Pep Dry Mash—the feed that makes more eggs all the year round. These feeds have opened the door of opportunity to poultry raisers. Poultrymen everywhere are getting real results from these guaranteed feeds. Feed the Ful-O-Pep Way and your success with poultry is assured. The famous Ful-O-Pep line of poultry feeds was originated and is produced by The Quaker Oats Company, Address Chicago, U. S. COBB UNABLE TO GAIN ON SISLER

CHICAGO, Aug. 24—Three Red Sox pitchers were unable to stop George Sisler, the St. Louis batting star today. He cracked out four hits, one a double in six times at bat, which brought his average from .415 to .418 for the American League leadership. Ty Cobb knocked out a double and a triple in four times at bat but was unable to gain on the league leader. His average is .400.

MIKE BRADY TURNS IN CARD OF 69
Birmingham, Mich., Aug. 24—Swinging a driver that always carried the ball safely over the traps and bunters and a mashie that repeatedly left a one putt lie, Mike Brady, local professional today turned in a card of 69—three strokes under par—in the second day's play of the Western Open Golf tournament over the Oakland Hills course and easily led the field of qualifiers for tomorrow's finals with a 38 hole score of 141.

NEW YORK DEFEATED CLEVELAND 7 TO 3
New York Aug. 24—The New York Americans came out of their two day batting slump and defeated Cleveland 7 to 3. The Yankees hit Morton hard but bunched four hits for three runs in the sixth inning. Dugan led New York's attack with four singles and a base on balls in five times up.

Speaker and Wood collided while going after Schang's fly in the first inning Speaker being painfully spiked on the left leg. He had to be assisted off the field.

VARIED PROGRAM AT KIWANIS LUNCHEON
Interesting Talks Heard by Club Members at Luncheon Thursday Noon.

Fine music and some brief and interesting talks made up the program at the Kiwanis club luncheon at the Peacock Inn Thursday noon. The members of the club counted themselves fortunate in the presence of Mr. and Mrs. Hackett Wilder, Mrs. Abe Wehl and T. J. Brennan, who sang with such acceptance on two programs during the chautauqua. The singing of the quartet at that time was the occasion of many complimentary remarks, and the Kiwanians yesterday agreed wholly with the opinion of the chautauqua audience.

KANSAS GOVERNOR IS WHITE HALL VISITOR

Gov. William J. Allen Makes Address at White Hall Chautauqua—Discussed Industrial Situation in Kansas.

White Hall, Aug. 23.—The outstanding feature of the White Hall Chautauqua this week is the visit of Governor William J. Allen, who arrived from Topeka, Kansas, at noon Monday, stopping at Kansas City, where he made certain important pronouncement regarding the protection of men in that state in their desire to work.

Governor Allen first spoke of Abraham Lincoln, and stated that the best citizens of the nation are produced in the country and small towns. Illinois should not be rated or judged as a whole by Chicago or Herrin, neither being the entire state, and he made reference to the tremendous growth of cities.

He spoke at length of the quarrel between capital and labor, and with reference to strike disorders stated that nobody can go around throwing dynamite except some labor leaders. Fifty and sixty years ago quarrels were settled with the fist, and the cowboy disorders in Kansas 25 years ago were settled by enforcing the law against carrying guns.

The nation cannot suffer the cessation of coal production and transportation. The Kansas industrial court deals with the triple problems of transportation, fuel and food. The circumstances leading up to enacting the Kansas industrial court law date back to the winter of 1920 with the factories, hospitals and public institutions of that state out of coal. Governor Allen stated that he went to a supreme court judge for an order to the miners to go to work, and this he supplemented by a personal appeal to the miners. They refused positively to go to work, though the state was without coal. Then 12,000 young men volunteered to work in the mines. It was then that Alexander Howatt, Kansas mine leader, told Governor Allen to his face that not a bit of fuel would be produced in Kansas in that way. Most of these volunteers were soldiers of the world war, and when the first train load arrived at Pittsburgh, Kansas, they were greeted by large mobs of miners with jeers, and the volunteers were told that they would not be able to produce coal. One of the soldier boys said to a miner, "Did you ever see any of the trenches in France?" The miner replied, "No." Then the soldier said, "You are going to see coal dug in Kansas before tomorrow night." Ten cars were dug the first day and thirty the second day.

"The first duty of the state is to protect its citizens," continued the governor. "A special session of the Kansas legislature was called that same winter of 1920-21, and because the people demanded it, the Kansas industrial court law was passed. Radical labor leaders proposed to assemble 70,000 followers of organized labor to march around the capitol seven times to see if the walls would fall, as did the walls of Jericho."

Neither capital or labor wanted this law, Governor Allen went on to explain. The railroads and other corporate interests had big lobbies in Topeka fighting this law, as also did the American Federation of Labor. Some capitalists did not like the law at all. One provision is that men and women engaged in like industry shall draw the same wages for the same kind of work. It legalizes collective bargaining, but absolutely forbids strikes. He told of a strike on the Kansas & Joplin Railroad soon after the passage of the industrial court law. The industrial court granted the men an increase in wages, as the hearing proved they were entitled to, and both sides accepted the finding. The shopmen's threatened strike on the Rock Island was settled by the industrial court. The Rock Island shops at Weston, Kansas, had no wall on the north as a protection against the rigors of winter, and the men took the case to the industrial court, which ordered the wall built within a specified time.

In Kansas the miners were being paid weekly by being penalized to the extent of ten percent of their pay when they desired their pay sooner than the established two weeks. The matter was submitted to the industrial court, and in just eighteen minutes the court found for the miners by ordering that the mines pay every Saturday night.

Howatt spent \$70,000 fighting the industrial court law, and Farrington sent \$240,000 more from Illinois. In the last election Allen carried Howatt's home election precinct.

The industrial court ordered each miner to be given 280 days of work annually if he desired to work that steady, and the production arose from 500,000 tons to 900,000 tons per month.

Kansas has produced coal every day during the present coal strike. The chautauqua program will continue thru next Sunday. Friday is Army Day, and all soldiers will be admitted free. The American Legion will serve fish all day. The leading attraction will be the presence of Morgan's Rainbow Division Band.

Movies And the Eyes

There is no evidence to prove that the "movies" are imperiling the sight of the nation. Careful investigation leads to the opposite conclusion. You may be quite certain that when your eyes trouble you while viewing moving pictures, it is due, not to the pictures, but to defective eyes which call for optometry's aid.

The person with normal eyes will not suffer at picture shows. At the very first indication of eye trouble call and let us make a careful, scientific examination of your eyes.

SEVENTEEN ALLEGED COMMUNISTS HELD

(By The Associated Press)

WASHINGTON, Aug. 23.—The arrest of 17 alleged communists after the secret convention of the communist party at Bridgman, Michigan yesterday by Michigan authorities is a new chapter in the organization of Communist groups in the army and navy, and for the initiation of militant action on the part of radicals in the United States according to information from official sources in Washington today.

William J. Burns, chief of the bureau of investigation of the department of justice declined to comment on the Michigan arrests but in other quarters it was said that a definite connection between the third international and the "friends of soviet Russia" in the United States had been established with the Communists party otherwise known in America under its reorganization name the worker's party.

AGED ARENZVILLE RESIDENT IS BURIED

Funeral of Late John Joeckel Is Held Monday Afternoon—Mrs. Elizabeth Richards to Spend Winter in Oklahoma—Other News Items.

Arenzville, Aug. 22.—The funeral of the late John Joeckel was held at 2 o'clock Monday afternoon from the M. E. church, in charge of Rev. Fred Garden, pastor of St. Peter's Lutheran church. The remains were then taken to the city cemetery for burial. The bearers were Albert Lovekamp, Julius Lovekamp, Christ Lovekamp, George Lovekamp, Henry Webster and Charles Nobes.

Mr. Joeckel passed away Saturday afternoon at his home here, death following an illness of several months. He was eighty-seven years of age and had spent practically all of his life in this community.

His wife and three children preceded him in death several years ago. The surviving children are Henry Joeckel, Camp Point; Otto Joeckel, Ontario, Ore.; Alvina and Victor Joeckel, a home. There are also seven grand children and a number of other relatives.

News Notes.

STATE DEPARTMENT EXHIBITS AT FAIRS

Springfield, Ill., Aug. 23.—Citizens of Illinois will be much interested in the exhibits which a number of State Departments are making at county and other fairs. Of especial interest will prove the exhibit of the Department of Public Works, Col. C. E. Miller, Director. Both the divisions of Highways and Waterways of this department have arranged special exhibits which are on tour over the State.

The exhibit of highway division, thru the medium of illuminated maps and pictures, shows just what Governor Small has accomplished in the building of the State's hard road system. Small models show how Illinois roads are being constructed.

The fact is developed by the exhibits that up to the first of August, 952 miles of the promised 1000 miles which the Governor

hopes to construct during 1922 have been placed under contract. An additional 163 miles will be let within the next few days, making a total of 1115 miles put under contract this year. Approximately 400 miles of hard road have been constructed thus far in 1922 at an average cost of approximately \$27,500.

The exhibit of the waterway division is also most attractive and was one of the hits at the great Pageant of Progress Exposition. A miniature model of the waterway and its locks, with flowing water and barges, playing back and forth always attracts the crowd and proves most interesting.

STOCK MARKET HAS
IRREGULAR SESSION

By Associated Press.
NEW YORK, Aug. 24.—Con-
siderable irregularity developed
in today's fairly active stock
market session, but there was abun-
dant evidence that the control of
the market as a whole continues
to be in strong hands. Unfavor-
able overnight developments in
the rail strike situation did not
result in any extensive develop-
ments.

Northern Pacific climbed up to
a new high for the year, buying
of the stock being based on re-
ports of an early resumption of
the seven per cent dividend and
the expectation of oil develop-
ments in its Montana land hold-
ings.

Studebaker registered a sub-
stantial advance in expectation
of a fine earnings statement for
July.

American Telephone broke
four points on the announcement
that the directors had authorized
the issuance of \$115,000,000 ad-
ditional stock to its present share
holders, but it recovered about
half of its loss before the close.

Total sales were 1,053,000
shares.

Call money opened and re-
newed at 3½ per cent but it hardened
to four in the final hour. But
rates for time money and com-
mercial paper were virtually un-
changed.

Liberty Bonds continued to be
under the dampening influence
of soldier bonus legislative activ-
ity. Total sales (par value) were
\$15,103,000.

METHODISTS MEET SOON IN ANNUAL CONFERENCE

Bishop Nicholson to Preside at Decatur Meeting—Memorial Services for Nine Ministers Who Have Died During Year—Few Changes of Pastors—On Prospect.

(By C. R. MORRISON)

The ninety ninth session of Illinois Conference of the Methodist Episcopal church will convene at Grace church, Decatur, Sept. 6, 1922, Bishop Thomas Nicholson of the Chicago area, presiding. Already the program has been published, and the six days' session is crowded with business occasions, inspirational addresses, banquets and then business.

Last year, Bishop Thirkield, whose headquarters in the Mexican area, is at Mexico City, was present at Jacksonville, and delivered an instructive and inspiring address on the situation in our next door neighbor's domain, and this year his wife, who is president of the national organization of the Woman's Home Missionary society will be the guest and speaker at the conference's anniversary on Saturday afternoon. Bishop Henderson of the Detroit area will also be present and Sunday afternoon will speak on Life Service.

The four o'clock evangelistic hour, daily, will be occupied by Rev. Dr. W. D. Schermerhorn, Professor of Garrett Biblical Institute, Evanston, Illinois. The Woman's Foreign Missionary Society anniversary will occur on Friday at 3 p. m. Dr. Melinda Manderson, Missionary physician from China will be the speaker. The paid lecture to defray the local expenses of the conference, will occur Thursday evening at which time Gov. W. P. Harding of

Iowa, is expected to be present and deliver the lecture.

The educational banquet will be held in the commodious basement of the First church on Friday evening and, as with its brief responses to toasts, one of the events of the week Dr. David G. Downey, book editor of the church, will bring the message of the Episcopal board at the Friday evening session. Every morning Bishop Nicholson will open the session of conference, with an address to the conference membership upon some devotional and instructive theme, preparatory to the forenoon's business session and the incoming year's work. These are only the high points of the week's session, while every day there will be special features, not only concerning the ministerial delegates but also the Laymen's association, which meets on Friday and then in a body will meet with the ministers in the afternoon. Dr. Downey of New York will deliver the principal address.

The Past Year.

Three distinct lines of church work have been emphasized during the past year, while special stress has been laid upon the Centenary and the follow up program of the church. This is the fourth year of the Centenary's five year plan, and the general depression and back-set given to business by the strike has had a corresponding effect upon the collection of the pledges. These, however, will be fully met, the delay, in part, by many subscribers.

The important task of the church along lines of religious education has been in the increasing number of vacation Bible schools, held by the church itself, or in co-operation with other churches. One district reported nine such schools last year and twenty seven this year. One city, Paxton, has a public school hour, given over to religious instruction, the pupils moving in order to the church building of their church (Roman Catholic, Protestant alike) when volunteer teachers are present to give the children the training and lessons as selected.

The Epworth League has made progress in its Institute work, and this year about 300 choice young people were assembled at Shelbyville for a ten days' course of instruction, recreation and social life, the effect of which will be felt in the vocal leagues, in the coming winter.

Added to this program of religious education, was a campaign generally followed throughout the conference of evangelism. Bloomington district had Rev. P. R. Powers, in leadership and a dozen special meetings were held in towns and villages where, unaided it would have been difficult to have carried forward such a campaign. Jacksonville continued its last year gospel tent special evangelistic work under the leadership of Mr. D. C. Linton and other districts carried out like movements, either with pastor helpers of special union efforts with other evangelistic churches.

Last year, after filling up the ranks from death, transfers to other conference territory, removed without letter, there was reported 986,966 members on full standing; and 2,547 preparatory members. It is confidently expected that this 39th session will enrolled 100,000 members in good and regular standing.

Memorial Services.

At the first session on Wednesday, Sept. 6, will be held a service, commemorating the men of the conference rank, who have died during this past conference year, together with the wives or widows of present and former members. The list is unusually long. So far there are to be noted nine men and six women on the list: They are, Reverends, A. D. Moon, E. H. Lugg, J. P. Hillerby, W. A. McKenney, C. W. Caseley, C. F. McKown, M. B. McFadden, J. J. Dugan and W. H. Webster. Also Mesdames P. P. Carson, W. E. Rose, W. H.

Webster, P. C. Carroll and Gordon Waggoner. The name also of Capt. J. W. Kettle, supply pastor of New Salem circuit should be added, he recognized and his untimely death bemoaned.

The speaker for this service is Rev. C. D. Robertson of Centenary church, Jacksonville, while Dr. W. A. Smith will preside.

Educational Program.
 The election of Dr. W. J. Davidson, recently of the Life Service department, commissioner to the Presidency of Illinois Wesleyan University has given renewed hope to the unity and strength of this institution. While the program as discussed and adopted at last year's session of Illinois Conference has been modified. There is a strong feeling that the cause of these institutions should no longer be neglected, and that with the cause also of endowment to the funds of the conference claimant's there should be a united effort to put it across, beginning with the spring of the year 1923. Hedding college, is not likely to open this September, and if its successor, calls for aid at Moline, Illinois, its call may be met, but not general, this coming year.

Appointments.
 While the churches are, with the public, facing financial depression there is no talk of a "strike," or a church "lockout." It is hoped that even if all is not easy sledding there will be, but few changes in ministerial appointments. Last year 110 churches and circuits, secured new men, out of a possible total number of charges of 255, including the superintendent. In canvassing the list of appointments, only about 60 changes should occur, considering the church and its history, the men and their temperament and adjustment to the present assignment. No changes are anticipated in any of the prominent pulpits of the conference, and unless anticipating a change in another year, no changes in district superintendency. This undisturbed condition in the important places of leadership is an omen of quietness along the whole line. But, for school, and family needs for accommodation of district needs, twice 60 is about the guess, that may register more correctly the program of the coming session.

There are four ministers that have been privileged to spend the year in travel and study during the year, namely A. S. Flanigan, R. F. McDaniel, S. A. McIntosh, and Frank Harry. These will report for effective service this coming session. One of this number, Rev. R. F. McDaniel, has already arranged to supply the pulpit at Hastings, Neb., for the coming year, the pastor of that church is going abroad for a year of travel and study. The changes anticipated in retirement concern only two names, while others may ask for one year's release, helping to balance up the "outs" with the "ins."

A correspondent in the "Christian Century" (an independent weekly) in commenting on the doctrinal agitation, in many of the denominations on the contest between the Liberals and Fundamentalists, said of the Methodists: "There is no antagonism here—no heresay hunters or disturbed relations, the only thing that is disturbing Methodism is the Centenary, and the effort of the leaders to encourage the Centenary pledges 'to come across' with the needed coin." Happy all folks who have no worse troubles than these!

FAIR NOTICE

Between 30 and 40 choice spaces have been arranged along the home stretch at the Morgan County Fair Grounds for auto parking.

These will be auctioned off to the highest bidder Saturday afternoon, August 26 at 2:30 o'clock, on Court House steps.

L. A. REED, Pres.

CITY MAY ENFORCE SANITARY REGULATIONS

Springfield, Ill.—City health authorities have power to enforce sanitary regulations in parks within the city limits, according to an opinion of Attorney General Brundage, given at the request of officials of Rockford. A controversy arose there after a soft drink stand in Fair Grounds park had been closed by Dr. N. O. Gunderson, Rockford health officer, for failure to provide proper sewer and water facilities. Former Mayor Robert Rew, counsel for the Rockford Park Commission, held that the city health department had no legal rights to close up soft drink stands. The attorney general held that while park commissions have sole authority to enforce rules and regulations specified in their charter this does not prevent city authorities enforcing sanitary ordinances in parks within the corporate limits.

KNIGHTS OF PYTHIAS TO MEET IN DECATUR

Decatur, Ill.—The annual state convention of the Knights of Pythias of Illinois will be held here September 27. The convention this year in Decatur will be significant from the fact that the order has purchased a large building which is being converted for lodge purposes. On August 31 the annual pilgrimage of Illinois members from all over the state will visit the Pythian home.
